GENERAL SYNOD DELEGATES

According to the information I have received from our Conference Office, Metro Association is entitled to 5 (five) Delegates to General Synod. It was recommended that the delegation be mixed according to race, age, ethnicity, gender, lay/clergy.

It was also expressed to me by the Secretary of the Conference Office that the suggested configuration would be: One male clergy, one female clergy, one lay female, and two lay males (with all the above mention diversity mixed in!) While we could not fulfill the suggested configuration exactly, I believe we have come close with the following slate of nominees:
